More Than 1,000,000 Tons of Freight Expected To Be 1927 Total for Ohio Lines

Interurban Systems Carry on Prosperous Business During Night; Electric Railways Trade Start in Express Shipments to World War

More than 1,000,000 tons of freight have been handled in and out of Ohio towns by the "white" lines in the night," by the end of the year according to an estimate made by the Ohio Association of Public Utilities.

The average man does not know what these lines are for the night. They are the freight and express lines of the electric interurban railways and they represent a family growing business.

Two "white" lines, one of which is going north through Marion in the dead of night. The two lines are the Cleveland, Columbus and Cincinnati line, and the Cleveland, Columbus and Dayton line. The two lines are the Cleveland, Columbus and Cincinnati line, and the Cleveland, Columbus and Dayton line. The two lines are the Cleveland, Columbus and Cincinnati line, and the Cleveland, Columbus and Dayton line.

A little more than 10 years ago, interurban lines here and elsewhere were comparatively "baby" lines. Their growth was slow with the problem of meeting new competition in the established field of existing passenger lines. Then the war came on and the country's industry, like her men, was mobilized for a big job. The interurban lines were "turned loose."

And the interurban railways did better. They moved freight with a dispatch that surprised everyone. And the first thing the country knew they were in the freight business on any scale. Now they have it fully established.

The "white" lines that pass through the

A DIRECT ACTION Range for Your Kitchen

The DIRECT ACTION Gas Range has an "Elastic Oven," so-called because it can be increased in size on an instant's notice to accommodate a big baking, or a large number of fruit jars.

The "stretching" of the DIRECT ACTION Oven is accomplished by simply raising the partition between the oven and the broiler above, throwing the two compartments together.

This unique DIRECT ACTION feature gives you all the economy of a small oven for everyday use, and the convenience of a large oven for special occasions. DIRECT ACTION Gas Ranges are equipped with the famous

W. CENTER-ST TRACK REPAIR COST FIXED

City Engineer Says Work Would Cost C., D. & M. Ap. approximately \$63,300

It will cost the Columbus, Delaware & Marion Electric Co., approximately \$63,300 to rebuild its tracks and right-of-way from the Hocking Valley tracks in Marion when the city repairs Center-st. next year, according to figures furnished City Council by City Engineer Tom Coffey last night.

The city engineer explained that the figures were only estimated and that it would be further investigation. The members of council held that to place larger light on these drives would be establishing a precedent.

A resolution providing for a larger light and longer pole arm for the light ordered in on Thursday and Brightwood was referred to the light committee for further investigation. The members of council held that to place larger light on these drives would be establishing a precedent.

A meeting between officials of the electric company and the city is to be arranged when the matter will be discussed.

Solves Your Home Heating Problems

Here's a book on home heating—just the book you have been wanting to you will know how to get the best heating system for your particular home.

This little book explains basement arrangement, chimney construction and how to save heat by insulating your attic.

More important than anything else, however, this book tells you how to get just the right amount of measured heat for each room, depending on size, area, window exposure, etc. It explains air circulation—how to have warm floors—how to avoid cold corners—how to have heat alike in all rooms. It tells how to save fuel—how to make your heating system last for years and years.

Better get the book before you build or remodel your home or, if you are going to repair or alter your heating system, because it tells you how to have clean, efficient, circulated air to breathe. It also tells how to arrange for a permanent local service to look after your heating system—to adjust regulators, dampers, grates and chains to get full value from fuel and to have regular furnace cleaning inspection and repair service so you don't even have to think about them.

Send or phone for your copy today. It will be mailed postpaid.

THE FRANK BROS. CO.

It was a very warm day in the city of New York, and the sun was shining brightly in the sky. The people were all out and about, enjoying the beautiful weather. In the heart of the city, there was a small, old-fashioned house. It was the home of a young girl named Penny. Penny was a very pretty girl, with long, dark hair and a sweet smile. She was the only child of a poor man, and she had to work hard to help support her family. One day, Penny was walking home from school, and she saw a very old man sitting on a bench. The man was very thin and had a long white beard. Penny stopped and looked at him for a moment. She felt a strange feeling in her heart, as if she had known him for a long time. She went over to him and sat down next to him. The man looked up at her and smiled. He told her that he was a very old man, and that he had lived through many hard times. Penny listened to him for a long time, and she felt that she was really listening to a wise man. She told him about her life, and he listened to her with a kind and sympathetic ear. Penny felt that she was really talking to a friend, and she was not alone in the world. The man told her that she was a very brave and strong girl, and that she should never give up. Penny felt that she was really talking to a hero, and she was not alone in the world. The man told her that she was a very brave and strong girl, and that she should never give up. Penny felt that she was really talking to a hero, and she was not alone in the world.

RHEUMATISM
may be relieved by rational treatment—it can not be rubbed away.
Are you one of those unfortunate who suffer with pain in your muscles and joints, commonly called rheumatism, making you miserable, less efficient, interfering with your working hours, ruining your sleep? You may have tried many things without relief. Why not try S.S.S.? For more than 100 years it has been giving relief in thousands of cases, as testified to in unalloyed letters of gratitude. "I suffered from rheumatism for a good many years. At times my joints would swell so that I couldn't walk. I tried almost everything. Went to Hot Springs, then finally decided to try S.S.S. I took a course. In a short time the rheumatic pains entirely left me. I am now in good health, and want to add that I have tried all kinds of medicine but I think S.S.S. is the best." Earl C. Campbell, 115 West Main Street, Johnson City, Tenn. S.S.S. is purely vegetable. It is extracted from the fresh roots of medicinal plants and herbs and gives to Nature what she needs in building you up so that your system throws off the cause. From youth to old age S.S.S. is a proven tonic—give it and take it when a tonic is needed. S.S.S. is sold at all drug stores in large and small quantities. S.S.S. is purely vegetable. Beans Baked in the ground
now you can taste beans like them
The wonderful flavor of the outdoors seems to permeate the "bean hole"—all the fragrances of the forest itself. No wonder they still cook beans that way in Maine lumber camps. Good home cooks have always tried to match this luscious flavor—but never till Bean Hole Beans did anyone succeed. Now you may have, conveniently packaged, beans with that good old-fashioned New England flavor—beans like those baked in the ground! Bean Hole Beans are named after the Maine logging-camp custom of baking beans in an out-of-door ground oven called the "bean hole." Two sizes—medium and large.
